Information Technology Professional Services

SPECIAL ITEM NUMBER 132-51 - INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES

FPDS Code D301	IT Facility Operation and Maintenance
FPDS Code D302	IT Systems Development Services
FPDS Code D306	IT Systems Analysis Services
FPDS Code D307	Automated Information Systems Design and Integration Services
FPDS Code D308	Programming Services
FPDS Code D311	IT Data Conversion Services
FPDS Code D316	IT Network Management Services
FPDS Code D399	Other Information Technology Services, Not Elsewhere Classified

Note 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

Note 2: Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

Note 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

<p style="text-align: center;">Information for Ordering Activities Applicable to All Special Item Numbers</p>

SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service (www.gsaadvantage.gov). The catalogs/pricelists, GSA Advantage!™ and the Federal Acquisition Service Home Page (www.gsa.gov/fas) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

1. GEOGRAPHIC SCOPE OF CONTRACT:

Domestic delivery is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

Overseas delivery is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- ☐ The Geographic Scope of Contract will be domestic and overseas delivery.
- ☐ The Geographic Scope of Contract will be overseas delivery only.
- ☒ **The Geographic Scope of Contract will be domestic delivery only.**

For Special Item Number 132-53 Wireless Services ONLY, if awarded, list the limited geographic coverage area: **N/A**

2. CONTRACTOR'S ORDERING ADDRESS AND PAYMENT INFORMATION:

For Ordering: **Data Industries, Ltd.**
Attn: Paul Raifaizen
1370 Broadway, Suite 519
New York, NY 10018
Phone: 212-471-1000
Fax: 646-434-1082
Email: it70@dataind.com

For Payment by: **Interstate Capital Corporation**
Check **c/o DATA INDUSTRIES, LTD.**
P.O. 915183
Dallas, TX 75391-5183
Phone: 212-471-1000
Fax: 646-434-1082

For Payment by: **JP Morgan Chase Bank**
Wire **201 E. Main**
El Paso, TX 79901
Account Name: Interstate Capital Corp,
Further Credit to Data Industries, Ltd.
Account No. to be furnished on invoices

Contractor must accept the credit card for payments equal to or less than the micro-purchase for oral or written orders under this contract. Credit cards **will be accepted** for dollar amounts over the micro-purchase threshold (See GSAR 552.232-79 Payment by Credit Card). In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or ordering assistance:

(212) 471-1000 or (516)-458-2299

3. LIABILITY FOR INJURY OR DAMAGE

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

4. STATISTICAL DATA FOR GOVERNMENT ORDERING OFFICE COMPLETION OF STANDARD FORM 279:

Block 9: G. Order/Modification Under Federal Schedule Contract
Block 16: Data Universal Numbering System (DUNS) Number: 10-327-8404
Block 30: Type of Contractor – A: Small Disadvantaged Business (Self-Certified with CCR)
Block 31: Woman-Owned Small Business – NO
Block 37: Contractor's Taxpayer Identification Number (TIN): 13-3195477
Block 40: Veteran Owned Small Business (VOSB) **NO**

- 4a. CAGE Code: **0C5B6**
4b. Contractor **HAS** registered with the Central Contractor Registration Database.

5. FOB DESTINATION

Not applicable for Special Item Number 132–51 Information Technology Professional Services.

6. DELIVERY SCHEDULE

- a. TIME OF DELIVERY: The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

SPECIAL ITEM NUMBER

DELIVERY TIME (Days ARO)

132-51

10 Days or per agreement with the ordering activity.

- b. URGENT REQUIREMENTS: When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

7. DISCOUNTS: Prices shown are NET Prices; Basic Discounts have been deducted.

- a. Prompt Payment: None

- b. Quantity: None
- c. Dollar Volume: None
- d. Other Special Discounts (i.e. Government Education Discounts, etc.):
None
- e. Other: None

8. TRADE AGREEMENTS ACT OF 1979, as amended:

All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

9. STATEMENT CONCERNING AVAILABILITY OF EXPORT PACKING:

Not Applicable

10. SMALL REQUIREMENTS: The minimum dollar value of orders to be issued for Special Item Number 132-51 is \$1,000.00.

11. MAXIMUM ORDER (All dollar amounts are exclusive of any discount for prompt payment.)

- a. The Maximum Order value for the following Special Item Numbers (SINs) is \$500,000:
Special Item Number 132-51 - Information Technology Professional Services

12. ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

- a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.
- b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

13. FEDERAL INFORMATION TECHNOLOGY/TELECOMMUNICATION STANDARDS REQUIREMENTS:

Ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering activities, shall be responded to promptly by the Contractor.

13.1 FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS):

Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

13.2 FEDERAL TELECOMMUNICATION STANDARDS (FED-STDS): Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Acquisition Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

14. CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2003)

- (a) **Security Clearances:** The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.
- (b) **Travel:** The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub .L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item

on orders placed under the Multiple Award Schedule. Travel in performance of a task order will only be reimbursable to the extent authorized by the ordering agency. The Industrial Funding Fee does NOT apply to travel and per diem charges.

- (c) **Certifications, Licenses and Accreditations:** As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.
- (d) **Insurance:** As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.
- (e) **Personnel:** The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.
- (f) **Organizational Conflicts of Interest:** Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor's participation in such order may be restricted in accordance with FAR Part 9.5.
- (g) **Documentation/Standards:** The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency's order.
- (h) **Data/Deliverable Requirements:** Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.
- (i) **Government-Furnished Property:** As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.
- (j) **Availability of Funds:** Many Government agencies' operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.
- (k) **Overtime:** For professional services, the labor rates in the Schedule should not vary by virtue of the Contractor having worked overtime. For services applicable to the Service Contract Act (as identified in the Schedule), the labor rates in the Schedule will vary as governed by labor laws (usually assessed a time and a half of the labor rate).

15. CONTRACT ADMINISTRATION FOR ORDERING ACTIVITIES:

Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the ordering activity's convenience, and (m) Termination for Cause (See 52.212-4)

16. GSA ADVANTAGE!

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

- (1) Manufacturer;
- (2) Manufacturer's Part Number; and
- (3) Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is <http://www.gsaadvantage.gov>.

17. PURCHASE OF OPEN MARKET ITEMS

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract. ODCs (Other Direct Costs) are not part of this contract and should be treated as open market purchases. Ordering Activities procuring open market items must follow FAR 8.402(f).

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items -- to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, **only if-**

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
- (2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
- (3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
- (4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

18. CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS

a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:

- (1) Time of delivery/installation quotations for individual orders;
- (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/ service/software package submitted in response to requirements which result in orders under this schedule contract.
- (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.

b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

19. OVERSEAS ACTIVITIES

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below:

N/A

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

20. BLANKET PURCHASE AGREEMENTS (BPAs)

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

21. CONTRACTOR TEAM ARRANGEMENTS

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

22. INSTALLATION, DEINSTALLATION, REINSTALLATION

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall received less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8 or 132-9.

23. SECTION 508 COMPLIANCE.

I certify that in accordance with 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794d), FAR 39.2, and the Architectural and Transportation Barriers Compliance Board Electronic and Information Technology (EIT) Accessibility Standards (36 CFR 1194) General Services Administration (GSA), that all IT hardware/software/services are 508 compliant:

Yes ☒

No ☐

The offeror is required to submit with its offer a designated area on its website that outlines the Voluntary Product Accessibility Template (VPAT) or equivalent qualification, which ultimately becomes the Government Product Accessibility Template (GPAT). Section 508 compliance information on the supplies and services in this contract are available at the following website address (URL): **<http://www.dataind.com/Main.aspx?PageCode=Section508>**.

The EIT standard can be found at: www.Section508.gov/.

24. PRIME CONTRACTOR ORDERING FROM FEDERAL SUPPLY SCHEDULES.

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order –

(a) A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and

(b) The following statement:

This order is placed under written authorization from _____ dated _____. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

25. INSURANCE—WORK ON A GOVERNMENT INSTALLATION (JAN 1997)(FAR 52.228-5)

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective—

(1) For such period as the laws of the State in which this contract is to be performed prescribe; or

(2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

26. SOFTWARE INTEROPERABILITY

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at <http://www.core.gov>.

27. ADVANCE PAYMENTS

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324)

TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 132-51)
--

1. SCOPE

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT/IAM Professional Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

2. PERFORMANCE INCENTIVES I-FSS-60 Performance Incentives (April 2000)

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. ORDER

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. PERFORMANCE OF SERVICES

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.

- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT/IAM Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

- (1) Cancel the stop-work order; or
- (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
- (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. INSPECTION OF SERVICES

In accordance with FAR 52.212-4 CONTRACT TERMS AND CONDITIONS—COMMERCIAL ITEMS (MAR 2009) (DEVIATION I – FEB 2007) for Firm-Fixed Price orders and FAR 52,212-4 CONTRACT TERMS AND CONDITIONS—COMMERCIAL ITEMS (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to Time-and-Materials and Labor-Hour contracts orders placed under this contract.

7. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Deviation – Dec 2007) Rights in Data – General, may apply.

8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT/IAM Professional Services.

9. INDEPENDENT CONTRACTOR

All IT/IAM Professional Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. ORGANIZATIONAL CONFLICTS OF INTEREST

a. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by

the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor's or its affiliates' objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. INVOICES

The Contractor, upon completion of the work ordered, shall submit invoices for IT/IAM Professional services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—

- (1) The offeror;
- (2) Subcontractors; and/or

(3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. DESCRIPTION OF IT/IAM PROFESSIONAL SERVICES AND PRICING

a. The Contractor shall provide a description of each type of IT Service offered under Special Item Numbers 132-51 IT/IAM Professional Services should be presented in the same manner as the Contractor sells to its commercial and other ordering activity customers. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles (labor categories) for those individuals who will perform the service should be provided.

b. Pricing for all IT/IAM Professional Services shall be in accordance with the Contractor's customary commercial practices; e.g., hourly rates, monthly rates, term rates, and/or fixed prices.

The following is an example of the manner in which the description of a commercial job title should be presented:

EXAMPLE: Commercial Job Title: System Engineer

Minimum/General Experience: Three (3) years of technical experience which applies to systems analysis and design techniques for complex computer systems. Requires competence in all phases of systems analysis techniques, concepts and methods; also requires knowledge of available hardware, system software, input/output devices, structure and management practices.

Functional Responsibility: Guides users in formulating requirements, advises alternative approaches, conducts feasibility studies.

Minimum Education: Bachelor's Degree in Computer Science

Data Industries, Ltd., is a minority-owned IT professional services company founded in 1980 that provides IT professional services, software, and total solutions to Government and commercial sector clients. Our catalogue of job titles and hourly rates we are offering the Government under GSA Schedule 70 SIN 132-51 follows.

Labor Category Descriptions SIN 132-51

ID No.	Labor Category / Job Title	Job Code	GSA Offered Pricing Incl. IFF Effective 01/01/2012
11-04-3	Mainframe Programmer/Analyst III	MPAIII (formerly PAIIIM204)	\$99.74
11-05-3	Client/Server or Web Programmer/Analyst III	CSWP AIII	\$108.81
11-05-2	Client/Server or Web Programmer/Analyst II	CSWP AII	\$104.01
11-05-0	Client/Server or Web Programmer – Application Maintenance	CSWP AM	\$77.76
11-06-3	Database Administrator III	DBA III	\$136.04
11-06-1	Database Administrator I	DBA I	\$84.31
11-10-3	Network Engineer III	NEIII	\$79.40
11-10-2	Network Engineer II	NEII	\$64.52
11-10-1	Network Engineer I	NEI	\$42.66
11-11-0	Senior Information Security Specialist	ISS	\$138.32
12-02-0	Senior Subject Matter Expert	SSME	\$225.94

11-04-3. Mainframe Programmer/Analyst III (MPAIII and PAIIIM204)

Minimum/General Experience

Minimum eight (8) years experience with application programming or support in the legacy mainframe hardware, OS, and software environment with languages or products such as UDB/DB2, CICS, COBOL, ADABAS, NATURAL, IDMS, IMS, ADSO, VSAM, VTAM, MVS, OS390, z/OS, RAC-F, and/or other mainframe products or languages. The candidate will have formal education or training such as a Bachelor's degree, certifications, or specialty product training or equivalent work experience. Demonstrated ability to mentor, lead, and manage other programmer/analysts, conduct requirements analysis and translate requirements into programming specifications, and fulfill those specifications through application design, development, implementation, testing, migration to production, and support. The candidate will have experience working independently and in a team environment as a leader and team member.

Functional Responsibility

Gathers and analyzes user requirements through documentation study and/or user interviews and translates requirements into formal programming specifications. Develops new software or customized databases, enhances or upgrades existing software or databases, codes, tests, and debugs application software or develops interfaces or new functionality to existing software in the mainframe environment. Performs maintenance on existing software products and contributes to the knowledge and development of business applications. Writes programs according to formal specifications.

Resolves customer issues as relate to mainframe software, records changes according to change management plan standards, and trains users and system administrators.

Education/Qualifications

Minimum eight (8) years experience in the mainframe environment as a programmer or database specialist. Four-year college degree or equivalent training, product certification, or professional experience.

11-05-3. Client/Server or Web Programmer/Analyst III (CSWPAIII)

Minimum/General Experience

Minimum eight (8) years experience with application programming or support in UNIX, Windows, or LINUX client/server or web environments with languages or products such as Java, J2EE, EJB, .NET, PowerBuilder, Oracle, MS SQL Server, Websphere, Silverstream, IIS, Business

Objects, Crystal Reports, or comparable technologies. Formal education or training such as a Bachelor's degree, certifications, or specialty product training. Demonstrated ability to mentor, lead, and manage other programmer/analysts, conduct requirements analysis and translate those requirements into programming specifications, and fulfill those specifications through application design, development, implementation, testing, migration to production, and support. Experience working independently and in a team environment as a leader and team member.

Functional Responsibility

Gathers and analyzes user requirements through documentation study and/or user interviews and translates requirements into formal programming specifications. Develops new software or customized databases, enhances or upgrades existing software or databases, codes, tests, and debugs application software or develops interfaces or new functionality to existing software in the client/server or web environments. Performs maintenance on existing software products and contributes to the knowledge and functionality of business applications. Writes programs according to formal specifications.

Resolves customer issues with the software, documents changes according to change management plan standards, and trains users and system administrators.

Education/Qualifications

Minimum eight (8) years experience in the UNIX, Windows, or LINUX client/server or web technology environment as a programmer/analyst or software developer. Four-year college degree or equivalent training or product certification.

11-05-2. Client/Server or Web Programmer/Analyst II (CSWPAll)

Minimum/General Experience

Minimum five (5) years experience with application programming or support in UNIX, Windows, or LINUX client/server or web environments with languages or products such as Java, J2EE, EJB, .NET, PowerBuilder, Oracle, MS SQL Server, Websphere, Silverstream, IIS, Business Objects, Crystal Reports, or comparable technologies. Formal education or training such as a Bachelor's degree, certifications, or specialty product training. Demonstrated ability to mentor, lead, and manage other programmer/analysts, conduct requirements analysis and translate those requirements into programming specifications, and fulfill those specifications through application design, development, implementation, testing, migration to production, and support. Experience with working independently and in a team environment as a leader and team member.

Functional Responsibility

Gathers and analyzes user requirements through documentation study and/or user interviews and translates requirements into formal programming specifications. Develops new software or customized databases, enhances or upgrades existing software or databases, codes, tests, and debugs application software, or develops interfaces or new functionality to existing software in the client/server or web environments. Performs maintenance on existing software products and contributes to the knowledge and function of business applications. Writes programs according to formal specifications.

Resolves customer issues with the software, documents changes according to change management plan standards, and trains users and system administrators.

Education/Qualifications

Minimum five (5) years of experience in the UNIX, Windows, or LINUX client/server or web technology environment as a programmer/analyst or software developer. Four-year college degree or equivalent training or product certification.

11-5-0. Client/Server or Web Programmer – Application Maintenance (CSWPAM)

Minimum/General Experience

Minimum two (2) years of experience with application programming or support in UNIX, Windows, or LINUX client/server or web environments, limited to maintenance or enhancement of existing systems written in technologies such as ASP.Net, Visual Basic or PowerBuilder, with Oracle and MS SQL Server or comparable technologies. Formal education or training such as a Bachelor's degree, certifications, or specialty product training preferred. Demonstrated ability to work with a team or under direct client management. Proven ability to execute programming specifications.

Functional Responsibility

Maintenance and debugging of existing applications, or development of new modules for existing applications in the client/server or web environments based on client specifications. Resolves customer issues with the software, documents changes according to change management plan standards, and trains users and system administrators.

Education/Qualifications

Minimum two (2) years of experience in the UNIX, Windows, or LINUX client/server or web technology environment as a programmer/analyst or software developer. Four-year college degree or equivalent training or product certification preferred.

11-06-3. Database Administrator III (DBAIII)

Minimum/General Experience

Minimum eight (8) years of experience with logical and physical data modeling using industry tools such as ERWin or inherent product modeling tools. Eight years experience with physical implementation, data packages, stored procedures, triggers, data normalization and data integrity, capacity planning, performance tuning, and database security maintenance. Data warehousing experience where required. Product specialties may include one or more of the following, depending on client requirements: MS SQL Server, Oracle, Adabas, IMS, IDMS, UDB, DB2 or other RDMBS modeling tools and functions. Specialty professional certifications such as MCDBA, MCITP, Oracle, or PeopleSoft certified preferred.

Functional Responsibility

Participates in database and software development, maintenance, testing, and integration phases as required, which may include gathering and database requirements, database logical and physical data modeling, writing stored procedures and triggers, database optimization, normalization, error handling and exception reporting, data archiving and data recovery, data warehousing, data dictionary development and maintenance, data cleansing and data migration, and working with programming teams and enforcing standards.

Minimum Education

Minimum eight (8) years experience. Bachelor's degree and certifications preferred.

11-06-2. Database Administrator I (DBAI)

Minimum/General Experience

Minimum three (3) years experience years experience with logical and physical data modeling using industry tools such as ERWin or inherent product modeling tools. Three years experience with physical implementation, data packages, stored procedures, triggers, data normalization and data integrity, capacity planning, performance tuning, and database security maintenance. Product specialties may include one or more of the following, depending on client requirements: MS SQL Server, Oracle, Adabas, UDB, DB2 or other RDBMS modeling tools and functions.

Functional Responsibility

Participates in database and software development, maintenance, testing, and integration phases as required, which may include gathering and database requirements, database logical and physical data modeling, writing stored procedures and triggers, database optimization, normalization, error handling and exception reporting, data archiving and data recovery, data

warehousing, data dictionary development and maintenance, data cleansing and data migration, and working with programming teams and enforcing standards.

Minimum Education

Minimum three (3) years experience. Bachelors degree and certifications preferred.

11-10-3. Network Engineer III (NEIII)

Minimum/General Experience

Minimum eight (8) years experience in the installation and configuration of workstations, Windows and UNIX application and communications servers, routers, switches, patch panels, smartboards, docu-cameras, videoconferencing, VoIP components, and other network hardware and software. Implementation experience in cabled and wireless environments. One or more certifications such as MSCAD, MCSE, MSDST, MCSA, CCNA, CCNE, required.

Functional Responsibility

As an independent worker or team lead/supervisor, plans, installs, configures, tests, troubleshoots, and supports local and wide area network application, database, AD/OS, communication, and web servers, as well as workstations, and routers. Uses ITIL standards design network. Identifies areas for improvement, may work closely with electricians, video surveillance installers, and construction contractors to ensure optimum network capacity for clients.

Installs, maintains, and monitors corporate email systems. Installs, configures, and monitors network safety components such as antivirus, anti-penetration, anti-spam, and anti-Phishing software systems. Develops, implements, and manages disaster recovery procedures.

Installs, configures, and maintains cabled and wireless data communications infrastructures. (Note: This job title does not require design or implementation of enterprise security assessments and infrastructure.)

Minimum Education/Experience

Eight (8) years experience. Bachelor's degree required; appropriate certifications required.

11-10-2. Network Engineer II (NEII)

Minimum/General Experience

Minimum five (5) years experience in the installation and configuration of workstations, Windows and UNIX application and communications servers, routers, switches, patch panels, smartboards, docu-cameras, videoconferencing, VoIP components, and network safety hardware and software. One or more certifications such as MSCAD, MCSE, MSDST, MCSA, CCNA, CCNE required.

Functional Responsibility

As an independent worker or team member, plans, installs, configures, tests, troubleshoots, and supports local and wide area network application, database, AD/OS, communication, and web servers, as well as workstations, and routers.

Uses ITIL standards design network. Identifies areas for improvement, may work closely with electrical, digital camera, and construction contractors to ensure optimum network capacity for clients.

Installs, maintains, and monitors corporate email systems. Installs, configures, and monitors network safety components such as antivirus, anti-penetration, anti-spam, and anti-Phishing software systems. Develops, implements, and manages disaster recovery procedures.

Installs, configures, and maintains cabled and wireless data communications local and wide area networks.

Minimum Education/Experience

Five (5) years experience. Bachelor's degree preferred; appropriate certifications required.

11-10-1. Network Engineer I (NEI)**Minimum/General Experience**

Minimum three (3) years experience in the installation and configuration of workstations, Windows and UNIX application and communications servers, routers, switches, patch panels, smartboards, docu-cameras, videoconferencing, VoIP components, and other network hardware and software. One or more certifications such as MSCAD, MCSE, MSDST, MCSA, CCNA, CCNE referred.

Functional Responsibility

As an independent worker or team member, plans, installs, configures, tests, troubleshoots, and supports local and wide area network application, database, AD/OS, communication, and web servers, as well as workstations, and routers. Uses ITIL standards design network. Identifies areas for improvement, may work closely with electrical, digital camera, and construction contractors to ensure optimum network capacity for clients. Installs, maintains, and monitors corporate email systems. Installs, configures, and monitors network safety components such as antivirus, anti-penetration, anti-spam, and anti-Phishing software systems. Develops, implements, and manages disaster recovery procedures. Supports cabled and wireless data communications environments.

Minimum Education/Experience

Three (3) years experience. Bachelor's degree preferred; appropriate certifications required.

11-11-0. Senior Information Security Specialist (ISS formerly CS1)

Minimum/General Experience

Minimum eight (8) years experience. Provides requirements analysis, implementation management, and technical services for the network and database security components for mobile, network, and Internet/cloud computing. Experience with large-scale, multi component computer networks, industry tools, and methodologies for robust, low-risk data communications, including hardware (e.g., firewalls), server hardening, monitoring tools. Experience with intrusion detection, spoofing, and spam remediation. Preferred candidates will have at least two certifications such as CCNA, CCSP, CISSP, and product certification from Sonic or and CheckPoint. Bachelor's degree in computer science, MIS, or equivalent.

Functional Responsibility

Performs a wide range of information security consulting services including developing business continuity plans emergency system shut down and recovery plans, and network, mobile, VPN, server, application, and database security policies. Manages security certificates, encryption, anti-spam, and anti-virus policies, procedures, and tools. Performs continuous security risk assessments, proposes remembers, and implements selected remedies.

The Information Security Specialist advises and implements risk reduction policies, procedures, and tools. Works with network support personnel to maintain, administers, supports, and troubleshoots security management. Evaluates certification and accreditation of network and cloud applications and systems within the enterprise. Manages the enterprise security plan, updates as needed, and advises management of risks and non-conformance issues. Updates the

master policy documentation as needed, and evaluates staff credentials and performance as needed.

Minimum Education

Minimum eight (8) years experience. Bachelors degree and product certification preferred.

12-02-0. Senior Subject Matter Expert (SSME)

Minimum/General Experience

At least eight (8) years of industry experience with a minimum of four (4) years of intensive experience in their particular technical or product specialty or business domain area. A senior subject matter expert (SSME) serves as a definitive source of industry, topic, or product knowledge that leads to major improvements in business operational process or software automation. The SSME is a leading authority on best practices within their area of industry, business, technical arena, or product knowledge area, and will generally actively participate in the software engineering or product installation life cycle. A SSME may also serve as lead business analyst or project manager, where applicable. The SSME will establish and maintain effective and professional relationships among stakeholders, including project owners, project sponsors, senior staff, and end-users.

Functional Responsibility

Actively meets with stakeholders s and project teams. The SSME may establish project guidelines. Validates methods, goals, and requirements; creates project blueprints, product matrices, specifications, and acceptance criteria. The SSME may be an active member of the project team or serve in an independent capacity such as an auditor or objective resource. The SSME is a knowledge source formally and informally among peers, reviews work, and serves as mentor. Many participate in or lead business analysis and risk management teams, and may serve as a project manager, when appropriate. Where the SME is a product specialist, he or she may perform product installation, configuration, and testing, and may oversee the development of new modules, reports, or other functionality.

Education/Qualifications

Minimum eight (8) years of industry experience with a minimum of four (4) years of intensive experience in the particular specialty or domain area. Four-year college degree required, with appropriate training, product certification, or professional experience.

**USA COMMITMENT TO PROMOTE
SMALL BUSINESS PARTICIPATION
PROCUREMENT PROGRAMS**

PREAMBLE

Data Industries, Ltd. provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact:

**BEST VALUE
BLANKET PURCHASE AGREEMENT
FEDERAL SUPPLY SCHEDULE**

(Insert Customer Name)

In the spirit of the Federal Acquisition Streamlining Act (ordering activity) and (Contractor) enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s) _____.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the ordering activity that works better and costs less.

Signatures

Ordering Activity

BPA NUMBER_____

(CUSTOMER NAME)
BLANKET PURCHASE AGREEMENT

Pursuant to GSA Federal Supply Schedule Contract Number(s)_____, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (ordering activity):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER	*SPECIAL BPA DISCOUNT/PRICE
_____	_____
_____	_____
_____	_____

(2) Delivery:

DESTINATION	DELIVERY SCHEDULES / DATES
_____	_____
_____	_____
_____	_____

(3) The ordering activity estimates, but does not guarantee, that the volume of purchases through this agreement will be _____.

(4) This BPA does not obligate any funds.

(5) This BPA expires on _____ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:

OFFICE	POINT OF CONTACT
_____	_____
_____	_____
_____	_____

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

- (a) Name of Contractor;
- (b) Contract Number;
- (c) BPA Number;
- (d) Model Number or National Stock Number (NSN);

- (e) Purchase Order Number;
- (f) Date of Purchase;
- (g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and
- (h) Date of Shipment.

(9) The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

(10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

BASIC GUIDELINES FOR USING “CONTRACTOR TEAM ARRANGEMENTS”

Federal Supply Schedule Contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to a ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions of the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule Contractors may individually meet the customers needs, or -
- Federal Supply Schedule Contractors may individually submit a Schedules “Team Solution” to meet the customer’s requirement.
- Customers make a best value selection.
